Program Completion Rate
Program completion rate is defined by the JRCERT as the number of students who complete the program within 150% of the stated program length. The program must establish a benchmark for its program completion rate. The program specifies the entry point (e.g., required orientation date, final drop/add date, final date to drop with 100% tuition refund, official class roster date, etc.) used in calculating program's completion rate. (MGCCC Benchmark: not less than 80 percent; Entry point is first class day of Fall semester.)

Year Completed	Percent Completion	Number of Students
2013	92%	24 began, 22 completed
2014	85%	27 began, 23 completed *
2015	85%	26 began, 22 completed
2016	82%	22 began, 18 completed
2017	87%	23 began, 20 completed
Five-Year Average	**86%**	122/105

* 5 left, 1 returned from previous year, and 3 Advanced Placement.
* 2017 is the first year to recognize the official entry point as the First Day of Fall semester
